

M. Mohaiminul Islam

ISTQB ® Certified Tester

I am an ISTQB-certified software testing professional with 5 years of industry experience, holding a bachelor's degree in Computer Science and Engineering. My career has been marked by versatility, having worked on a wide range of products across various domains. I excel in web and mobile application testing, with a strong ability to create comprehensive test plans and test cases. Additionally, I have expertise in developing automation scripts for APIs, streamlining testing processes for efficiency. Proficient in tools such as Postman, JMeter, JIRA, Redmine, Slack, and Trello, I leverage technology to enhance the testing lifecycle. I am a dedicated team player and a proven leader who leads by example. My mission is two fold and elevate product quality to its zenith and catalyze exponential growth for both my employer and myself. With a keen eye for detail and a commitment to excellence, I consistently deliver results that exceed expectations.
